

About our VIP Waiting List

Our special line of family raised puppies are admired by viewers from all over. We are becoming overwhelmed with all the inquiries about our babies. We have come up with a deposit system to help things operate more efficiently for us and the potential puppy parents. It is nearly impossible for us to contact everyone that wants to be contacted when future pups arrive.

The VIP waiting list is designed for the families who are serious and ready to commit to purchasing one of our pups. To become pre-approved for one of our babies, we will interview you prior to accepting a deposit to ensure compatibility. Your deposit will hold your spot on the waiting list to find the perfect companion for you! Both those ready for the right puppy, (whenever he or she arrives) and others planning for their future family member.

We developed a Pre-Approved VIP Waiting List to help the overall claiming process. This will help us learn about homes ahead of time, pre-approve appropriate households, and place puppies to the home that is best for them. The Waiting List narrows the field so that you are not in competition with other inquirers who are seeking our immediate attention & approval, while trying to appeal to us as the best match for a current puppy. In years past we've seen many times when several families interested in a particular pup. If a person that is ahead of you decides to choose the pup you may have wanted, please do not offer to pay more for that puppy. We do not operate that way! We treat people the way we want to be treated. I wouldn't want someone to sell the puppy I had a deposit on to a higher bidder and neither would anyone else. Should it come to our attention that anyone happens to harass another deposit holder, the harassing party will forfeit their deposit and we will revoke their privilege of purchasing one of our pups.

By joining our waiting list, we will contact you about your matches, and you can also let us know your favorites ahead of time. You decide about claiming a puppy or passing before your matching puppies even become available to the public. By becoming pre-approved & joining the waiting list ahead of time, we know you are a serious, committed family, and can better focus on what you are looking for.

Once a deposit is placed you will be given preference over any other customers expressing a desire for the same type of puppy that contacts us after your deposit was received. We ask that you understand and warn that there can be a wait until one is available. Also we consider accepting a deposit as an agreement to provide you with a puppy at a future date, locked into the price range at the time of receiving the deposits. Expected litters cannot be guaranteed due to the fact that breeding can be a very difficult undertaking. There are c-sections and sometimes litters of all one gender, wrong colors, newborns sometimes do not survive :(and so on. We do our absolute best to insure a safe and healthy litter is born, we feed moms an exceptional diet to help them carry good strong litters, but even with all our efforts there can't be any guarantee on timing. What we do agree that we will give you the option to choose the next available puppy in the color and gender you choose whenever that occurs. (You can choose to apply your deposit to that puppy, or pass and wait for another one.) That is our part of the deposit agreement, we agree to sell you a puppy, by the same token it must be understood that if you have a change of heart and do not follow through for some reason, the deposit is not refundable as it represents an agreement to purchase a puppy from us.

When asking to get on the list many people want to know just how many are ahead of them in the line... by placing down a deposit you are taking a certain position in the line, therefore the deposit would be forfeited should you back out. (This also applies if you have held a certain puppy & then back out.) If you decide to change your mind after you have chosen, and want to pick a different pup, you will then be placed back on the waiting list and will be at the end of the line. If there is a pup that isn't spoken for you may then choose that pup. Should you decide your work schedule doesn't permit a pup or whatever the reason... you decide that you do not want to purchase a pup from us. You will then forfeit your deposit. Interviewing, messaging, sending pictures, etc. takes a great deal of time on our end. Being placed on the VIP waiting list keeps us from selling the pup to someone else. So it should also protect the breeder from the purchaser changing their mind. We have successfully raised healthy, happy pups for over 20 years. 50+ years if you combine our family's in our breeding program. We have stayed successful by being honest and fair to our new puppy parents and expect the same from them.

We reserve the right to decline a pup to anyone at our discretion. We reserve the right to revoke the privilege of being placed on our VIP waiting list with the option to keep the deposit should evidence come to our attention that the deposit holder has been dishonest about the intention of the purpose for owning one of our pups. Animal cruelty, selling to pet stores, brokers, dog fighting, is purchasing for another party, being dishonest about breeding a pup that is intended to be purchased as a pet only. These are some examples but not limited to grounds for revoking a party off our list.

How does the VIP Waiting list work?

- Prior to contacting us about getting placed on the VIP waiting list, we require you to take some time to get familiar with what we have provided in writing to avoid any confusion. And to save us both valuable time and having to answer questions that have already be answered. We cannot be held responsible for what you don't read!
 - Read and agree to the terms of our Health Agreement. This is found on our website, our Facebook group, and
 - Facebook page.
 - Read and agree to the terms of our VIP Waiting List Agreement.
 - **You are aware we do not sell our (pet) puppies with registration papers.**
- You must be willing to choose your pup from pictures or video when available to you if our schedule does not allow time for visiting in person prior to scheduled date to pick up your pup.
- Agree to make your choice in a timely manner within the deadline given to make a choice. Remember others are waiting to choose also. (the deadline date may vary between litters) We would like to wait until pups have their eyes open and up and walking when you make your official choice.
- You must be willing to drive to our location to take possession of your pup, unless other arrangements are made if available. Our family members that work with us in our breeding program are in different cities located in central and southwest Michigan.
- Once you have been pre-approved for our VIP waiting list. You are required to send us a deposit of \$25 to hold your position on the list.
- Once we receive your deposit, it expires after 18months. You may renew for longer if we are not able to produce a litter with puppies you have preference for. (For example, you are wanting and English Bulldog pup. We may have mated parents and none of the females conceived, and we do not have a bulldog litter until after 12 months. You will have the choice to extend your deposit to a later date or request a refund after the expiration date.
- The expiration date will be 12 months from the date we have received your deposit.
- When you make your selection of pup from one of our litters, you are then required to send the actual puppy deposit designated for the breed you have chosen. Your waiting list deposit and your puppy deposit will both apply towards the purchase price of your pup.

\$25 Deposit???? Yes, \$25 is basically good faith money towards your puppy telling us you are serious about a puppy and have shown to be responsible enough to at least read the info we have provided. This tells us you are not just a window shopper or an impulse buyer. We have found throughout the years the responsible owners are those that are willing to make a commitment and wait for the right puppy. It is impossible to keep names and #'s to contact everyone that says they want to be on our waiting list. I have done this in the past and wasted days calling people back that have moved on and no longer wanting a puppy. Mainly because they didn't want to wait or they didn't think we would contact them back. \$25 deposit will eliminate the time spent contacting uninterested parties and give us more time to answer your questions.

The order of choosing your puppy will be in the order deposits are received. First come first serve basis. **New Dreamz always has first choice of which pups we keep out of any litter.** VIP members will begin to select pups after we have chosen our pups we are keeping. We often breed to keep something for ourselves, and sometimes may hold back 2 or more pups to evaluate before making a final decision. We will offer the pup(s) we decided not to keep back up for sale. We will do our best to inform everyone if we hold back 1 or more and if we plan to put one or more back up for sale. For example if there are 2 females in the litter we are deciding from and you are 1st on the list and would like the pup we don't choose, you may decide to make your choice to be the pup we don't keep.
